

GEEWIN EXIM
QUALITY IS OUR NATURE

Tea and its usage dates back to 700-800 BCE which is mentioned in the epic "Ramayana". It is also found that the Origin of tea traces back to east and southern Asia which will be china and some parts of India. India is the second largest producer and has a larger consumer base too. Tea is rich in antioxidants which will reduce the effects of ageing. A study also mentions that Tea intake reduces the risk of heart attack. Tea we offer is of Grade-A quality which is considered as supreme in terms of its quality. We source our product from notable locations in India which are known for tea cultivation like Assam, Darjeeling, Ooty etc.
